WCC itu apa sih?

Wedding Content Creator, ambil momen candid & behind the scenes, diedit dan langsung dipost di hari yang sama.

Masih perlu fotografer/videografer?

Perlu! WCC fokusnya ke video candid & real-time content, bukan beauty shoot atau cinematic kayak VG/FG profesional.

Bedanya Reels & TikTok?

Reels = recap manis sepanjang hari.
TikTok = konten trend/remake, bisa request atau kita bantu idein.

Edited Story itu maksudnya?

Story yang kita upload tuh udah melalui proses editing, mulai dari cut, merge, sampai nyesuaiin sama lagu biar lebih enak ditonton.

Divice apa? 14-17

15/16/17 (PRO)

Kakak bakal login ke IG aku? Aman nggak?

Aman banget. Tim kami menjunjung tinggi privasi & kerahasiaan data, nggak akan disalahgunakan.

Bisa minta file-nya aja biar aku pilih sendiri?

Boleh! Tinggal request aja, nanti kami kirim semua raw-nya.

Post real-time itu maksudnya gimana?

Misalnya setelah akad/pemberkatan selesai, konten kamu langsung tayang saat itu juga. Secepat itu!

Event watermark itu apa?

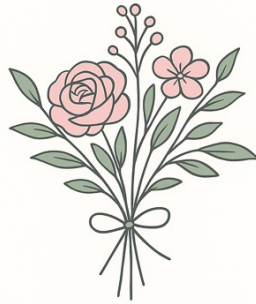

Tulisan seperti "The Wedding of A & B" di bawah story.

Cara order gimana?

Langsung hubungi admin via WhatsApp, nanti dibantu step-by-step-nya.
